PROMEDI AIRPORT GROUND HANDLING & TERMINAL EQUIPMENT

PROTIM 55 tow tractor has draw bar pull 5500 kg (12.375 lb-f) provide push back for private or regional aircraft with a MTOW up to 66.000kg. It ensures greater visibility in all directions for safe operations.

STANDART FEATURES INCLUDE

- 4 Wheel suspension, leaf spring on rear & front axle.
- Disc brakes on front and wet rear wheels.
- Hydraulic power steering.
- Full automatic power shift transmission with torque converter.
- Color coded and numbered plug&play wire harness.
 - Recessed headlights.
- Emergency shutdown buton

- Seat belts
- Rear light
- Turn signals
- Reverse gear horn

OPTIONS

- Driver cab.
- Driver cab heater.
- Driver cab AC.
- Rear windshield wiper

SAFETY

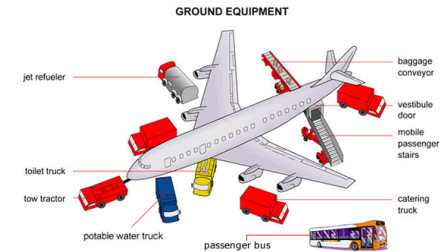

- TIM 55 complies bellow industry standarts
- DIN EN 1915-1-2-3-4
- DIN EN 12312-15,P
- DIN EN 13490 (IT1&IT2)
- Emission level IIIA&EPA Tier III
- CE certefication
- IATA AHM 910-913-915-916-968

TECHNICAL DATA TIM 55 PDF

PROMEDI AIRPORT GROUND HANDLING & TERMINAL EQUIPMENT

PROTIM 80 tow tractor has draw pull capacity of 80 kN (18.000 lb -f). It can be provided as pushback and aircraft towing up to 96.000 kg. It ensures greater visibility in all direction for safe operations.

STANDART FEATURES

- 4 wheel suspension, leaf spring on front & rear axles.
- Disc brakes on front & rear wheels
- Hydraulic power steering
- Electrically controlled Power-Shift transmission with torque converter
- Color coded and numbered plug & play wire harness
- Recessed headlights
- Tubeless tires
- Emergency stop button
- Seat belts
- Rear light
- Turn signals
- Reverse gear horn

OPTIONS

- Driver Cab
- Driver cab heater
- Driver Cab A/C
- Rear windshield wiper

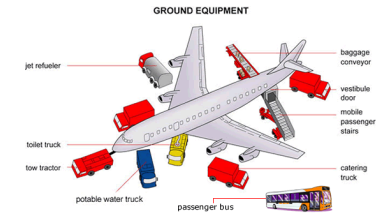

SAFETY

- TIM 80 complies below industrial standards
- DIN EN 1915-1-2-3-4
- DIN EN 12312-15, P
- DIN EN 13490 (IT1 & IT2)
- Emission level IIIA & EPA TIER III
- CE certification
- IATA AHM 910-913-915-916-968

PROMEDI AIRPORT GROUND HANDLING & TERMINAL EQUIPMENT

PROTIM 45 tow tractor has draw bar pull 4500 kg (10000 lb) provide push back for private or regional aircraft with a MTOW up to 54000 KG. It ensures greater visibility in all directions for safe operations.

STANDART FEATURES INCLUDE

4 wheel suspension, leaf spring on front & rear axles.

Disc brakes on front & rear wheels

Hydraulic power steering

Electrically controlled transmission with torque converter

Color coded and numbered plug & play wire harness

Recessed headlights

Tubeless tires

Emergency stop button

Seat belts

Rear light

Turn signals

Reverse gear horn

OPTIONS

Driver Cab

Driver cab heater

Driver Cab A/C

Rear windshield wiper

SAFETY

TIM 45 complies below industrial standards

DIN EN 1915-1-2-3-4

DIN EN 12312-15, P

DIN EN 13490 (IT1 & IT2)

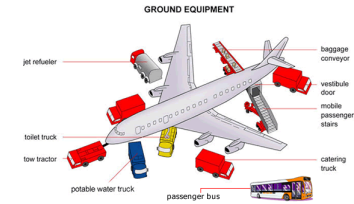

Emission level IIIA & EPA TIER III

CE certification

IATA AHM 910-913-915-916-968

PROMEDI AIRPORT GROUND HANDLING & TERMINAL EQUIPMENT

PROTIM 25 tow tractor has draw bar pull 2500 kg (5500 lb) to handle light aircraft and cargo towing requirements. It ensures greater visibility in all directions for safe operations.

PROMEDI AIRPORT GROUND HANDLING & TERMINAL EQUIPMENT

The Carriage system that we produce is designed **to carry Helicopter comfortably**, safety via its control system maneuver capability and its special hard wares. Body structure and lifting arms are designed and manufactured according to the hardest conditions.

SPECIFICATION (STANDARD)

Single or Double electric motor

Electric Brake

Work Lamp

Steering indicator

Electric differential for double electric motor

Security for Hydraulic system

Emergency hand pump

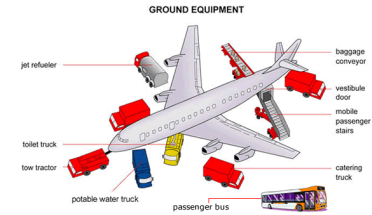

Battery charger (Portable)

Speed control valve

Flow divider (Gear type)

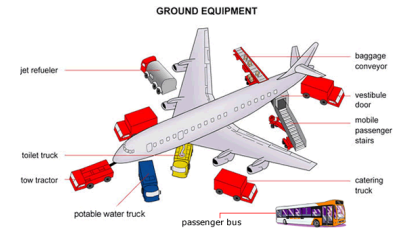

AIRPORT CARGO TRANSFERS

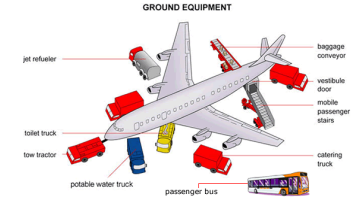

TOW BARS

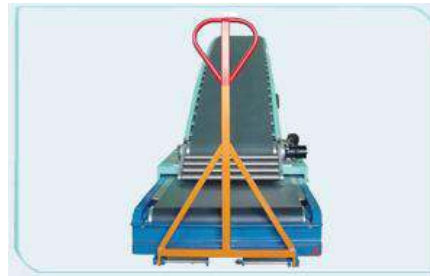

OTHER AIRPORT GROUND HANDLING EQUIPMENTS

COFFIN
TRANSFER

CUSTOMIZED

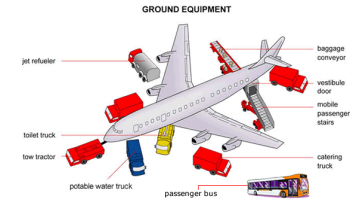

MULTIPURPOSE
